3rd International Collaborative Symposium
**Update in Gynecology and
Minimally Invasive Surgery**

April 3rd and 4th, 2025 Madrid

Thursday, April 3, 2025

08:30-09:00 h **Opening and Welcome**

09:00-10:30 h **Session I: Update in robotic single port**

Moderator: **Pluvio Coronado Martín**. *Gynecology. Hospital Clínico San Carlos, Madrid, España*

- 1. Single port technology: Introducing a novel robotic system.**
Johnny Yi. *Gynecology. Mayo Clinic. Arizona, USA*
- 2. vNOTES step by step, current evidence, benefits, and applications in complex cases.**
Andrea Stuart. *Gynecology. Helsingborg Hospital, Helsingborg, Sweden*
- 3. Single port applications in GYN surgery.**
Johnny Yi. *Gynecology. Mayo Clinic. Arizona, USA*

Panel Discussion

10:30-11:00 h **Coffee Break**

11:00-12:30 h **Session II: Update in ovarian cancer surgery**

Moderator: **Manuel García-Espantaleón Navas**. *Gynecology. Hospital Universitario Puerta de Hierro Majadahonda, Madrid, España*

- 1. Primary debulking surgery for advanced ovarian cancer: The MSKCC approach.**
Dennis Chi. *Gynecology. Memorial Sloan Kettering Cancer Center. New York, USA*
- 2. Primary and interval robotic debulking: Patient selection and results.**
Javier F. Magriña. *Gynecology. Mayo Clinic. Phoenix, Arizona, USA*
- 3. Secondary cytoreduction for recurrent ovarian cancer: Who, when, and where?.**
Dennis Chi. *Gynecology. Memorial Sloan Kettering Cancer Center. New York, USA*

Panel Discussion

12.30-14.00 h **Session III: Making complex MIS simple: A comprehensive update**

Moderator: **Víctor Martínez Irigoyen**. *Gynecology. Hospital Universitario Puerta de Hierro Majadahonda, Madrid, España*

- 1. Preparation of the pelvic spaces according to pelvic pathology.**
Juan Gilabert Estellés. *Gynecology. Hospital General Universitario de Valencia, España*
- 2. Practical anatomy: How to find the pelvic autonomic nerves.**
Javier F. Magriña. *Gynecology. Mayo Clinic. Phoenix, Arizona, USA*

Panel Discussion

3rd International Collaborative Symposium
**Update in Gynecology and
Minimally Invasive Surgery**

April 3rd and 4th, 2025 Madrid

15:00-19:00 h **IV: Introduction to robotic surgery: Fundamentals and essential practices**

Moderator: **Mar Sirvent López**. Gynecology. Hospital Universitario Puerta de Hierro Majadahonda, Madrid, España

- 1. Robotic docking. Issues to consider before starting robotic surgery.**
Víctor Martínez Irigoyen. Gynecology. Hospital Universitario Puerta de Hierro Majadahonda, Madrid, España
- 2. Enhancing robotic gynecological surgery: Intraoperative ultrasound-guided technique.**
Augusto Pereira Sánchez. Gynecology. Hospital Universitario Puerta de Hierro Majadahonda, Madrid, España
- 3. Endoscopic and robotic suturing: What differences do we find?.**
Gema Vaquero Argüello. Gynecology. Hospital Universitario Puerta de Hierro Majadahonda, Madrid, España
- 4. Unveiling the Fagotti index: Methodology and findings.**
Manuel García-Espantaleón Navas. Gynecology. Hospital Universitario Puerta de Hierro Majadahonda, Madrid, España

Panel Discussion

3rd International Collaborative Symposium
**Update in Gynecology and
Minimally Invasive Surgery**

April 3rd and 4th, 2025 Madrid

Friday, April 4, 2025

09:00-11:00 h **Session V: Update in surgical endometriosis treatment**

Moderator: **Francisco Carmona Herrera**. Gynecology. Hospital Clinic, Barcelona, España

1. **Surgical strategy for deep endometriosis in the posterior compartment.**
Juan Gilabert Estellés. Gynecology. Hospital General Universitario de Valencia, España
2. **Anterior compartment endometriosis surgery: Techniques and approaches.**
Carlo Alboni. Gynecology. Università degli Studi di Modena e Reggio Emilia, Italia
3. **Surgical excision of deeply infiltrating endometriosis of the lateral compartment.**
Cara King. Gynecology. Cleveland Clinic Ohio, USA
4. **Optimizing non-surgical treatment: Linzagolix in uterine fibroids and endometriosis.**
Francisco Carmona Herrera. Gynecology. Hospital Clinic, Barcelona, España

Panel Discussion

11:00-11:30 h **Coffee Break**

11.30-13.30 h **Session VI: Exploring minimally invasive surgery: diverse procedures for better outcomes**

Moderator: **Mercedes Andeyro García**. Gynecology. Hospital Universitario General de Villalba, Madrid, España

1. **Uterine transplants: Controversies and the current landscape. Challenges and future directions.**
Francisco Carmona Herrera. Gynecology. Hospital Clinic, Barcelona, España
2. **How to completely avoid ureteral injury in minimally invasive hysterectomy.**
Javier F. Magriña. Gynecology. Mayo Clinic. Phoenix, Arizona, USA
3. **Total laparoscopic hysterectomy for the large fibroid uterus: Surgical techniques to push the envelope.**
Cara King. Gynecology. Cleveland Clinic Ohio, USA
